

# Finance Strategic Transformation

COMMUNICATIONS

April 2022

## What's the latest news?

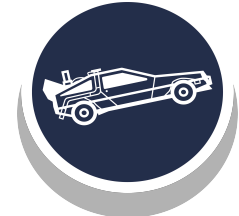

### Security Role Summaries:

The FST team is reviewing security role mapping submissions to ensure streamlining and efficacy, and will communicate any adjustments before go-live. New Security Role Summaries provide snapshots of responsibilities and access and more information is available [here](#).

### Oracle to Workday

**Crosswalk:** A crosswalk of Oracle terms to their new terms in Workday Financials has been developed. This crosswalk should be a helpful bridge between the current state and the future state. The term site can be accessed [here](#).

**FST Fridays:** The UVA community can get an inside look at Workday Finance before training begins in May at FST Friday sessions. Sessions cover common business transactions related to the FDM, buying and paying, expense reports, and more. The schedule, slides, and session recordings are available [here](#).

## Other updates

[Strategy Group Prepares for Go-Live, User Experience Reviews Wrap Up, and Training Q&A](#)

## Finance Solution Center

User Success Agents in the Finance Solution Center have have logged more than 460 questions answered and people assisted, just in the first three weeks of operation. They are on the front-lines of go-live support, providing the first point of contact for users. They are actively preparing for go-live support and you can learn more on the [on the blog](#).

### WFST

Multitaskers rejoice! [Listen to our biweekly FST update.](#)

### Stay in Touch

We're happy to help you and your teams however we can, [so reach out!](#)
