

Finance Strategic Transformation

COMMUNICATIONS

October 2022

What's the latest news?

Reporting & Analytics Release Notes: This update includes significant new reports and modifications released over the last month and issues being worked on. The new [Day in the Life FAQ](#) matches up reports with the most frequent daily questions that fiscal administrators and business officers need to address. Learn more [here](#).

Workday Digital Assist: WalkMe for Workday provides digital assistance across all applications within the system. Users must install WalkMe in their browser to be able to utilize the full functionality of the tool. Learn more [here](#).

Office Hours and Resources: While instructor-led training is no longer being offered, there are many resources available such as QRGs, Self-Paced Training, and demo videos. Office Hours continue through October and a guide on selecting the best session is available [here](#).

Other updates

[FST Update](#), [Training Resources](#), and [News Ticker and System Issues on UVAFinance Website](#)

Account Certification

A new report is available for those responsible for account certifications. The Details for Account Certification is a step-by-step resource detailing how to download and format the report to review the certification similar to the Account Certification table. Access the guidance [here](#).

WFST

Multitaskers rejoice! [Listen to our biweekly FST update.](#)
