## EFT DEADLINE

**The deadline to get Equipment Trust Fund (ETF) commitments and spending is May 16.** Usually, we can offer some flexibility on the due date, but this year, due to the Workday Financials implementation, the **May 16 deadline is set in stone.**

### WHAT'S NEEDED?

If you still have ETF purchases in process, here's what to keep in mind:

1. For any new orders, be sure to secure a firm delivery/installation date that is before May 16.
2. If an order you've already placed on ETF hasn't arrived or won't be delivered before May 16, contact your ETF coordinator for further action.

### RESOURCES AVAILABLE:

If you have questions or concerns, reach out to your area ETF coordinator, or contact Joyce Gredler at [askfinance@virginia.edu](mailto:askfinance@virginia.edu).

## Recent Participant Feedback

The new federal work study functionality is going to be an incredible improvement over the current state system!

Because the QRG lacked screenshots, it was challenging to match up the processes covered in the demo with those outlined in the guide.

Having the ability to create catalog items will be a big help in streamlining what I do.

It would be helpful to have access to the scenarios ahead of time to help us better prepare for the session.

The instructor did a great job demonstrating the detailed business processes to keep them clear, concise, and understandable while avoiding confusion for the end users. Great job!

I thought this session was well done. I found the QRG to be helpful in providing guidance to complete the process.

# User Experience Review | Workday Words

Participants loved the materials that had a list of Workday Words cross walk with Oracle legacy terms for each session. We've now created a pdf of [Workday Words / Legacy Terms](#) from all sessions that you may use as a downloadable resource if desired. Definitions for all [business terms](#) can be found on our website.

## Workday Words | Terminology Check

Workday Word	Definition	Legacy Term
Expense Item	Expense items define the transactions workers use in expense reports.	Expense Type
Spend Category	A more granular view of expenses incurred at the University; end-user entry point on operational transactions	Expenditure Type
Expense Group	Expense item groups help workers search for and select expense items. You can also use groups for reporting.	
Cost Center	Area that owns a subset of revenues and/or expenses to support management decision making or accountability; reports funds available and area where cross-funding is identified / delivered; manages multiple sources of funds.	Organization
FDM/Worktags	Foundation Data Model and Worktags are the basis for accounting and financial reporting in Workday.	Chart of Accounts/PTAEO
Purchase Justification/Missing Receipt Justification	Required reasoning for an event or a missing document	Justification
Passenger	Refers to a dependent, domestic partner, other family members, guest or any other individual accompanying an employee or authorized person who is conducting business on behalf of the University.	Companion

# Security Role Assignments

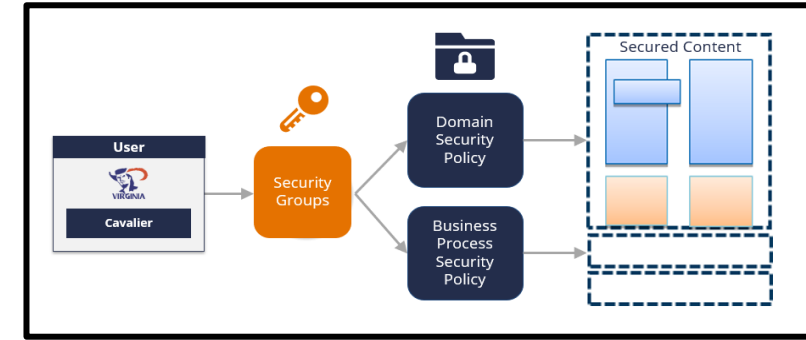

# Security Role Assignments | Process Update

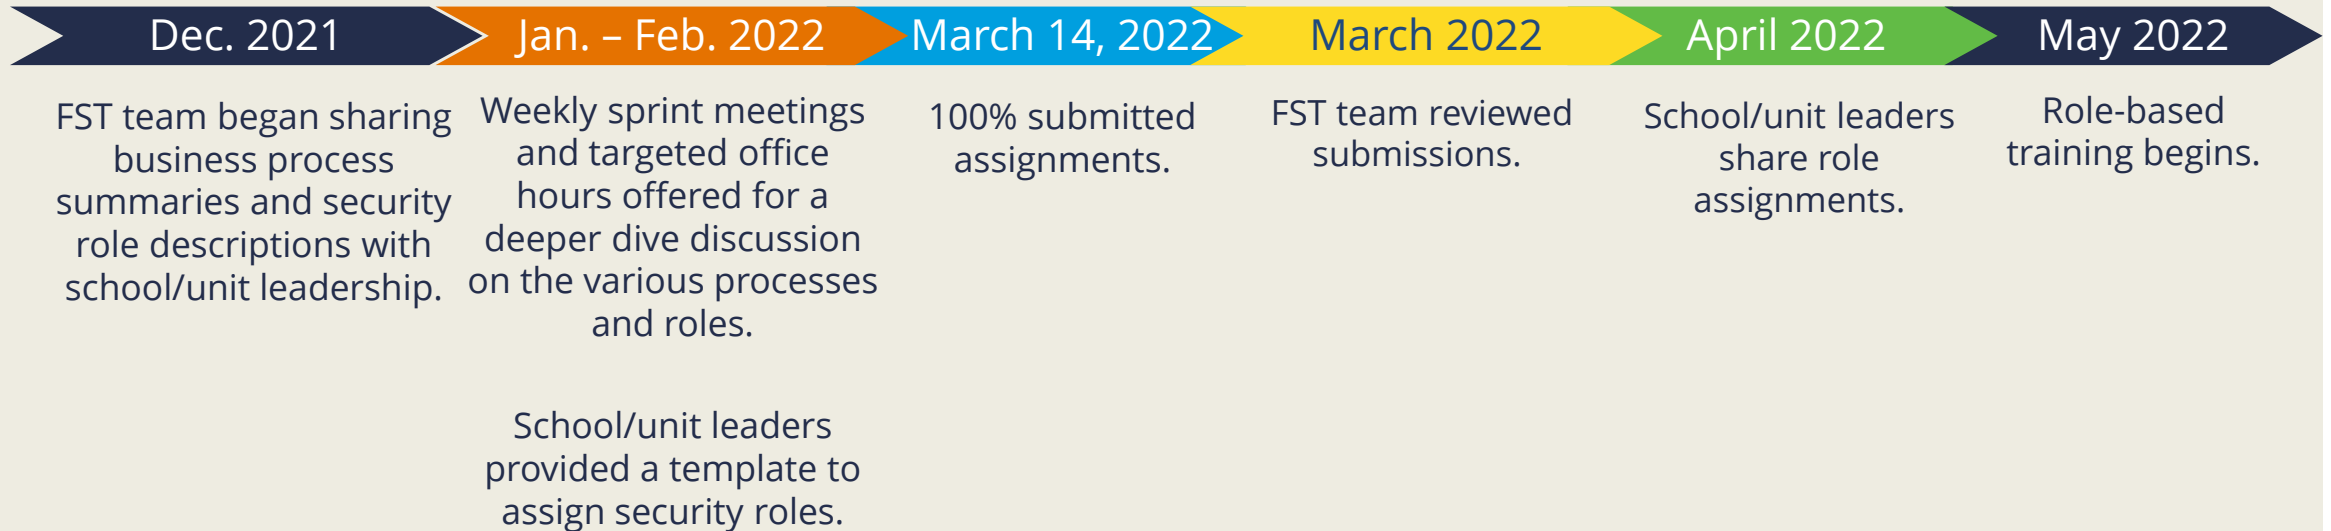

## What are Security and Security Roles in Workday?

Workday's security framework enables what a user can **see** and **do** within Workday. Security roles determine which **secured content, workers or transactions**, and **specific items or values** the user can access. All employees receive the *employee as self* security role, which allows them to initiate self-service transactions.

## How Far We've Come

# Sample Security Role Summary

## Accountant

I am an Accountant. I perform accounting functions for assigned organizations, including creating journals, allocations, receipt accruals, depreciation, and intercompany settlements.

In today's current state (Oracle), my role is "Accountant."

### I Need to Attend these Training Courses:

1. Introduction to Workday Financials - prerequisite
2. Financial Accounting

## Tasks an Accountant Completes in Workday:

- I can **create**
  - **Accounting Journal (Manual and Bulk).** *I can manually enter Journals for month end adjustments, depreciation, translation adjustments, and accrued liability for purchase items that have been received but not paid for. I can also perform bulk upload of Journals.*
  - **Accounting Adjustment.** *I can create an Accounting Adjustment to reclassify costs on the settled financial transactions.*
- I can **unpost-reverse**
  - **Accounting Journal.** *I can unpost-reverse (correct) a Journal Entry.*
- I can **edit**
  - **Journal Entry.** *I can edit a Journal Entry that has not been posted.*
- I can **run reports** relevant to accounting, including (but not limited to)
  - **Find Journals.** *I can run the Find Journals report to search for journals by user, journal status, fiscal periods, and other criteria.*
  - **Find Journal Line.** *I can run the Find Journal Lines report to search for Journal Lines by user, journal status, fiscal periods, and other criteria.*
  - **General Ledger Balances**
  - **General Ledger Details**
  - **Trial Balance**

*"My staff members come to me for help when they need an accounting adjustment created."*

# Engagement | Updates from First FST Friday: FDM

On April 1, 2022 we held out **first FST Friday session**, which focused on Workday's **Foundation Data Model**.

## FST Friday: FDM At a Glance

- More than **260 participants** from across different departments and units
- Overview of **Foundation Data Model**
- Explanation of **worktags** and **crosswalk**
- Live demonstrations in Workday of
  - How worktags are used when creating an **expense report**
  - How worktags are used when creating a **journal**
  - Accessing an **FDM Reference Report** to find specific worktags in Workday

## What are Participants Saying about FST Fridays?

- ✓ I appreciate the overview and look forward to learning more!
- ✓ Thank you for today's session and all the work you are doing to provide resources and communications about this big change.
- ✓ I plan to attend all the FST Fridays if I can!
- ✓ This session got me excited for the role-specific training sessions and time in the training tenant.

- Requisition – Employee as Self
- Account Certification
- Customer Contracts & Billing Installments
- Requisition & Supplier Invoice

**Note:**

See Appendix for list of security roles and required training

\*Role access will be given in production (at go-live) with a 30-day, one-time grace period to complete the training

\*\*Prerequisite course

# Training | What's Next?

- Training will start in May!
- We are currently working on the training **calendar** and plan to post it to the website by **April 15, 2022**. The cadence of courses will be reflected in the calendar.
- Instructor-Led courses (offered virtually) will include **hands-on activities**, and opportunities for **Q&A**.
- Web-Based courses include process overviews and demos for participants to review **at their own pace and repeat as needed**. Will be able to ask questions and get answers using AskFinance.
- Participants will enroll for courses in Workday.
- We will offer multiple sessions for the courses with the **highest volume of role assignments**. These include:

**Financial Accounting**  
**Grants Management**  
**Payroll Accounting – Accounting Adjustments**  
**Payroll Accounting – Costing Allocation**  
**Payroll Accounting – HCM Subtasks**

# Support

---

# Support | Finance Solution Center

The Finance Solution Center will be UVA Finance's centralized, first human point of contact for most support requests.

## Agents in the Solution Center are responsible for:

- Gathering customer information
- Analyzing the problem to identify the cause
- Solving the problem if there is a documented solution/answer
- Escalating cases to the appropriate specialist if it cannot be resolved

Users may seek support by emailing [askfinance@virginia.edu](mailto:askfinance@virginia.edu).

**Soft launch was  
March 14, 2022.**

As of 3/31, logged 350+ cases!

## Finance Solution Center Impact

- ✓ Dedicated full-time team to support your questions
- ✓ Single point of entry for all UVA Finance inquiries (Workday and others)
- ✓ Live person response when calling
- ✓ Monitored queues to ensure prompt response and resolution

# Budgets

# Budgets | Fund Balance Ownership (Fund Ownership Visibility)

## Pros:

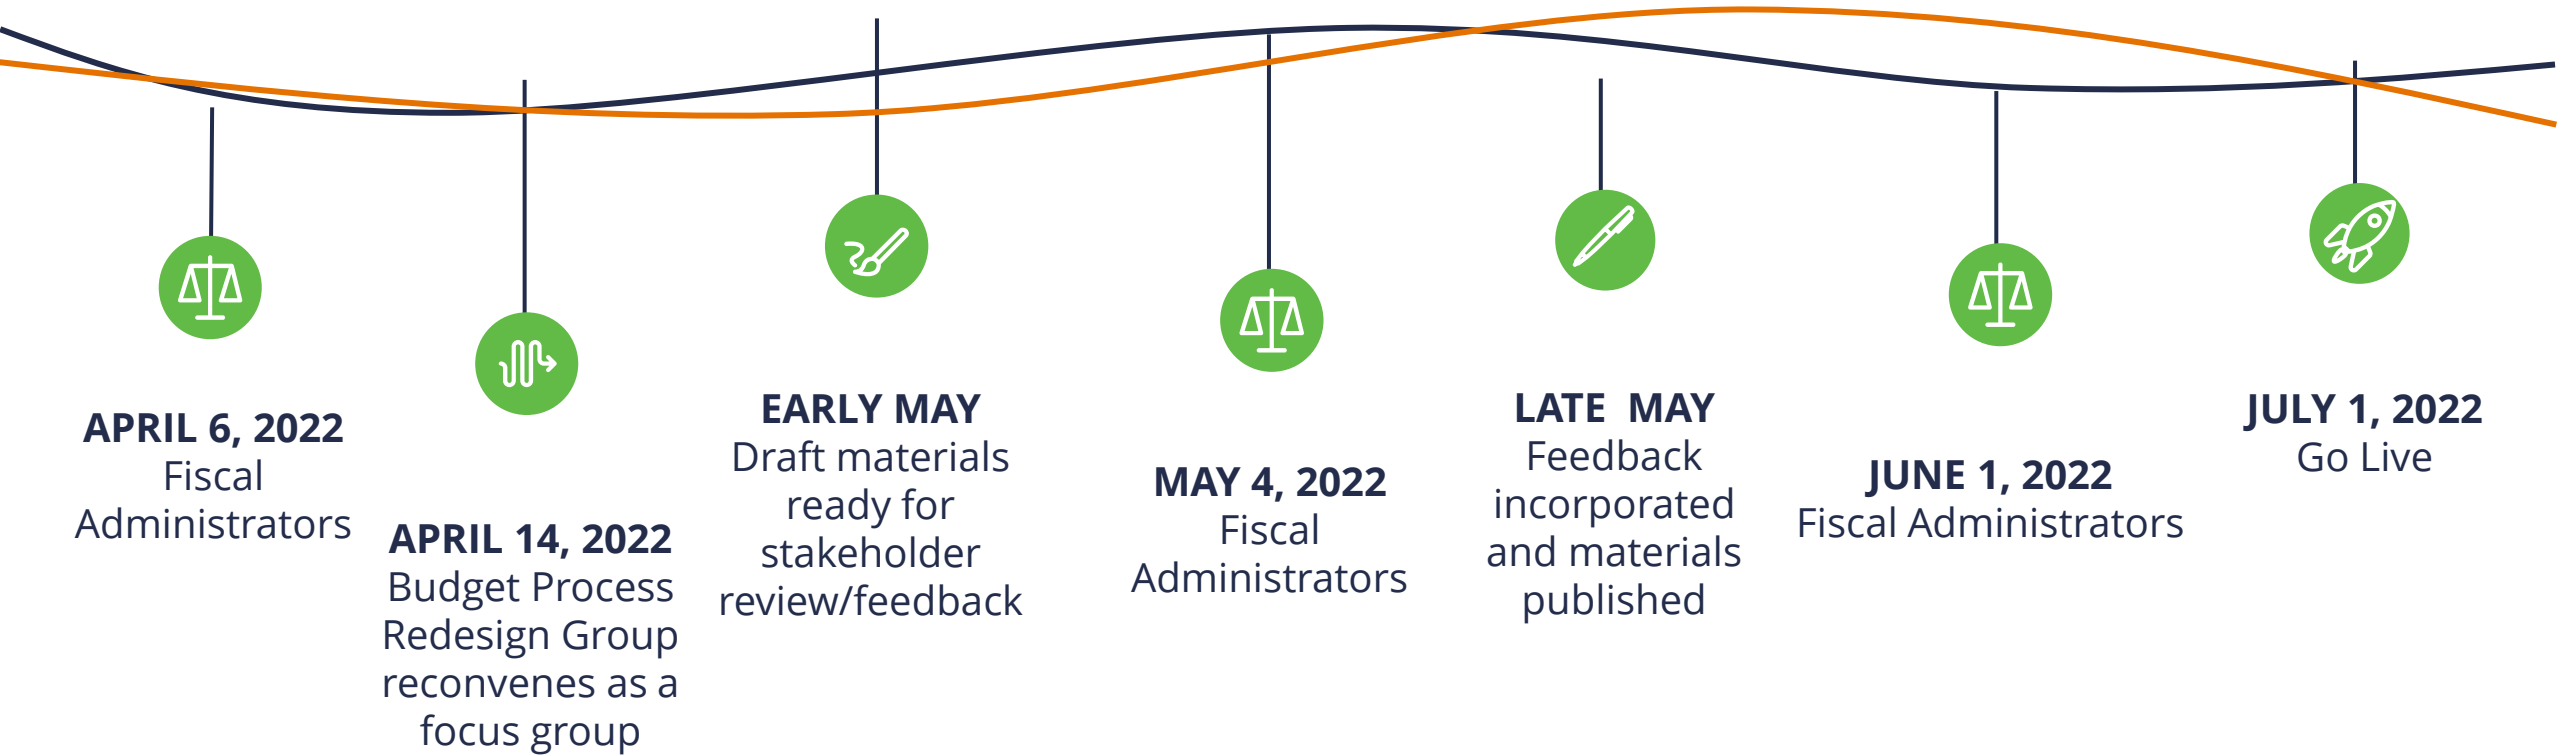

- **Expendable fund balance reporting enabled** – Units would have the ability to accurately report on funds available without needing to wait for year-end settlement and carryforward calculations. In combination with the FDM, anyone could run a trial balance on any combination of FDM worktags at any time.
- **Clear ownership of funds** – Consistent transfer of funds would make it clear “who owns the fund balance” and the “owner” of the fund will be able to see where the funds have been transferred and how much has been spent.
- **Elimination of significant amounts of tracking outside of systems of record** – Units could eliminate and/or streamline current tracking mechanisms (i.e., manual Excel spreadsheets).
- **Reduction in risks of errors** – Through the elimination of the manual calculation of balances and the addition of robust real-time variance analysis capabilities.
- **Increased staff capacity** – This would allow more staff time to be devoted to analytical work rather than manual, tracking work.

## Cons:

- **Significant Training** – This would change the meaning of “budget” for many users, as it would no longer confer spending authority or indicate funds available but would instead represent the unit's plan for the year. Units would need training in how to view expendable fund balances via reporting to determine availability of funds. The amount of change management and training would depend on the extent to which the unit currently operates exclusively or nearly exclusively with spending authority.
- **Change in the types of transactions/work** – Moving away from spending authority requires actual movement of funds to MBUs. This would mean units would budget the funds, as a plan, and would need to ensure the funds actually move as well, thereby increasing transactions in the system but reduction manual work done in shadow/supplemental systems. This would be mitigated with change management and system adaptations (e.g. mass uploads).

# Budgets | Fund Balance Ownership (Fund Ownership Visibility)

Below is a high-level timeline of Fund Balance Ownership activities:

Materials are also reviewed at weekly All-Pods meetings (Mondays), Steering Committee/Advisory Group meetings, and FDM governance meetings.

## In the Works

-  FAQ document
-  Detailed transaction processing document, to include unit-level guidance eventually
-  Revised finance policies, especially FIN-033 Monitoring Cash Balances and Resolving Deficits
-  Detailed timeline
-  Specific reporting guidance (budget to actuals variance reporting and fund balance reporting)

Questions? We'll add them to our FAQ and ensure they are incorporated in the resources above. Reach out to [askfinance@virginia.edu](mailto:askfinance@virginia.edu) with subject line "Fund Balance Ownership question."

# Reporting & Analytics

# Reporting & Analytics | Persona Working Group

We will establish an organizing mechanism for R&A based on Personas and while we are immediately focused on the Finance launch, we recognize that our users have a broader range of needs including HCM and Student data.

## PERSONAS

**Fiscal Administrator:** Bob

**Business Officer / Chief Administrator:**  
Jane

**Department or Unit Director:** Tim

**Grants / Research Administrators:**  
Susan

# Reporting & Analytics | Persona: Bob – Operational Support

## Who they are?

- Fiscal Administrator
- Business Manager
- Budget Analyst
- Financial Services Specialist
- Expense Entry Specialist
- Payroll Costing Coordinator

## Regular Tasks

### Needs

- Access to transactional processes (T&E, Travel, Requisitions and PO vouchers, Payroll Distribution, Cost Transfers, Wage Assignment)
- Account Certification/Reconciliations
- Cash Deposits
- Delegations on behalf of others
- Student hiring
- Onboarding new employees
- Grants administration
- Space Management
- FM Work order requests

### Frustrations

- Complex processes (Payroll Dist, Access to PO details, Cost Transfers)
- Delegations
- Approval processes
- Reconciliations

## With whom do they interact?

- Department Chairs
- Program Directors
- Coaches
- Faculty
- Dean's Office
- Registrar's Office
- HR
- Students

## Data and Information

### Needs

- Consistent, standardized reports – Details, Summaries, Variances, Trends
- Tracking and projecting fund balances
- Managing commitments
- Tracking cross-unit spending
- Budget variance reporting
- Error-catching – Exceptions, journal entries, cost transfers, Payroll Distribution
- Compensation (Salary, Wage, Funding Sources, PAP)

### Frustrations

- Access to compensation information
- Tracking fund balances - Split ledger (GL/GA)
- Tracking spending commitments
- Have access to data, but not necessarily actionable information
- Distribution of financial reports to faculty

## Knowledge and Skills

- Operational Knowledge - Go-to resource on how things get done in department/unit
- Chart of Accounts (PTAO, FDM)
- Connection between operations, processes, and data
- Use of reporting tools to answer questions

## Modes of Operation

- Often wear many hats
- Work with detailed transactional data and information on a daily basis
- Manage the distribution of resources for their department or unit – need insight into Budget variance, Fund Balances, Commitments & Obligations
- Often an individual performer, not a manager of others
- Generally focused on operational vs. strategic decisions
