Functional Area Updates | Budget and Adaptive 3.0 Launch

Adaptive 3.0 launched **July 28, 2022!**

- Introduction to Budgeting at UVA (self-paced course available in Workday Learning) is **required** for all users who will be utilizing Adaptive 3.0, and is **available** to all employees. Please note that while the training is available to all, access to Adaptive is dependent upon approval from your School or Unit.

- **Existing Adaptive 2.0 users lost access on July 28th if they did not complete the Adaptive 3.0 training.** Be aware that gaining access is not instantaneous. It does take time for the system administration team to set up individual access.

- Adaptive Budget Transformation Office Hours are scheduled throughout July and August. If you are not the Budget Officer for your School or Unit, please check in with that person **before** attending the office hours.

- **7/28/2022-8/16/2022:** Schools and Units will update the initially Converted Budget for the **first load to Workday on 8/17/22**. There is a one day delay in the load of data to Workday, so the data in Adaptive on 8/16/22 will load to Workday on 8/17/22.

- **You do NOT need access to Adaptive in order to see the Budget in Workday (beginning 8/17/22).**

- **Please note that all budget reports that include fund balances will reflect the current state of your fund balance realignment exercise.**

Functional Area Updates | Budget and Adaptive 3.0 Launch (Cont'd)

Budget Officers will coordinate updates in Adaptive that include:

- **Transfers:** Add the "Transfer To/From Cost Center"; ensure that all transfers in/out are budgeted if known

- **Faculty and Wages Spend Categories:** Update your budget to reflect the new, more granular codes

- **Function Worktag:** Might need to update Function (for a variety of reasons). Function is REQUIRED on Compensation, Non-Compensation, and IN/OUT for Transfers. Function is optional on Revenue.

- **1:Many Relationships:** If a 1:Many relationship in the current state does not allow you to map to FDM prior to Freeze, you will need to make the update

- **Budget Changes After Original Submission:** Units should maintain a list of known changes since the submission of the original budget (for example: hires, departures, new commitments, budget requests granted, items missed in original submission, etc.). After stabilization, Adaptive will remain open with snapshots taken throughout the year. There will be an original snapshot that will load July 28th.

- **Position and Employee Worktags:** Review initial conversion of Employee to Position and update your budget as necessary to reflect the correct Workday Position by Employee.
